Tutoring Experience

With 12 years of tutoring experience, I've had the privilege of guiding students from diverse backgrounds in Doha and internationally. My journey began after completing my PGCE at Cambridge, where I developed a strong foundation in education. I've since specialized in IB and IGCSE English, tailoring lessons to meet the unique needs of each student. As someone who studied abroad, I understand the challenges that come with adapting to different educational systems. I bring this empathy into my teaching, ensuring that my students not only master the content but also gain confidence in their abilities. My expertise includes preparing students for Oxbridge admissions, focusing on personal statement development, interview practice, and rigorous academic training. Many of my students have gone on to secure places at prestigious universities, both in the UK and globally. Additionally, I've worked as an IB examiner, which has given me invaluable insights into the assessment process, allowing me to help students maximize their exam performance.
