Tutoring Experience

I have been tutoring since 2010, starting with in-person sessions in Oxford and later expanding to online tutoring to reach students across the globe. My experience spans a broad range of students, from those needing foundational support to those aiming for top marks in their IB exams. I'm particularly adept at helping students develop their analytical skills and build confidence in their writing. Over the years, I've refined my approach to focus on interactive, discussion-based learning, which encourages students to engage deeply with texts and express their ideas clearly and persuasively. I also offer specialized coaching for students preparing for university entrance exams and interviews, drawing on my own experience as an Oxford graduate.
